

Project LAUNCH Louisiana Mental Health Consultation

Serving Children 0 to 8 in three settings – Primary Care, Child Care, and home visiting via EarlySteps

Consultation topics can be anything about young children's mental health, including

- Promoting social emotional health in typically developing children
- Info and training on behavioral and emotional concerns
- Child mental health and disorders
- Parent-child relationships
- Medication questions
- Parenting tips and educational resources for families
- Resource Guide

Supporting primary care providers to promote mental health in children 8 and under and their families

Mental Health Consultation on-site, in-person, or by phone, email, or secure video

In-service trainings for PCPs about early childhood mental health

Web-based resources to hand out to families or to learn more about the
